Supplier Information Services (SIS)

Welcome

Welcome to DCMA's Supplier Information Service - Providing the DoD Acquistion Community internet access to Defense Supplier Capability and Status Information.

- Need a log-in and password? **Visit SAMS!**
- Need to change your password? **Talk to SAMS!**

Authorized SIS users enter here

Mission

DCMA's Supplier Information Service consolidates existing supplier capability and status information into a single virtual database easily accessible by DoD procurement and contract administration personnel. Current, reliable, and relevant information needed to determine the best DoD acquisition and contract award decisions is provided to the DoD Acquisition Community via our secure online service.

Using SIS

- What is SIS?
- Navigating through SIS - the information you need before entering the SIS database
- SIS Access Management Systems (SAMS)
- Notices and Updates to SIS
